Has document circulation within your office proven overly time-consuming? Are files often misplaced, lost or mishandled?

Zoom Imaging Solutions has partnered with Square 9 to bring you a document management solution that will help you increase your profits by "doing more with less." As part of Zoom's 360° assessment methodology, we want to take an analysis of your business processes to build a solution that will bring efficiency and improvements to your infrastructure. As part of this assessment, Zoom will provide a solution for;

- Eliminating paper based filing systems
- Streamlining your business processes
- Automation of document routing and notification
- Increased security and compliance
- Collaboration on documentation within your organization

We invite you to join us at your convenience for an inside look into the Zoom 360° assessment methodology and our SmartSearch Document Management Solution. We have the following webinars scheduled during May;
